We need **bodies**, both speakers *and* silent supportive attendees, at the developer's presentation to the Planning Commission, which is the 9-person panel that advises the three County Commissioners on whether or not to approve the potential development. Everyone who signs up before the meeting will be allowed to speak. **Please arrive by 6:00 pm if you'd like to speak.** An individual gets 3 minutes, and each HOA is granted 6 minutes to a designated representative speaker. Every voice is important! We get one shot at this, so please prepare your comments in advance so that we are all knowledgeable, on topic, and within time.
