5. **QUICK OVERVIEW OF PLANNING COMMISSION PROCEDURES**
DIANA LOVE

The Planning Commission's job is to review and make recommendations on land use applications to the Board of County Commissioners (BOCC). It is the BOCC who makes the decision on land applications—including this rezoning request.

- Planning Commission hearing starts at 7:00 p.m. on Monday, May 15th.
- Everyone must be there at 6:00 to sign up.
- The Board and the Steering Committee have a planned presentation so please leave 11 spaces at the top of the signup sheets because the commission goes by order of sign up. (this presentation by your Board and Steering Committee will be shortened for the Planning Commission due to time restrictions--three minutes for each of the public, 6 minutes if a public member is representing an organization like an HOA. This time restriction does not apply at the BOCC meeting)
- Please plan for long night(s) if we are successful in the needed number of people who turn out in opposition.

DON'T FORGET TO SEND LETTERS AND EMAILS TO THE COMMISSIONERS.
ALL INFORMATION IS IN THE FLIER.
